

IStaticObject

```
graph BT; IDynamicObject[Team.HobbyRobot.ASCS.Core.Physical.IDynamicObject] --> IStaticObject[IStaticObject];
```

A UML class diagram illustrating inheritance. A gray-shaded box at the bottom represents the class 'Team.HobbyRobot.ASCS.Core.Physical.IDynamicObject'. A blue arrow points upwards from this box to a white box at the top labeled 'IStaticObject', indicating that 'IDynamicObject' inherits from 'IStaticObject'.

Team.HobbyRobot.ASCS.Core.
Physical.IDynamicObject
